

Senior Mobile Engineer (Android)

We're a small team that's growing fast and we're looking for a **Lead Android Developers**. The projects on our plate are amazing, and we're looking for talented people to meet the exciting technical challenges we face. If you're intelligent and highly ambitious, we want to talk to you!

Also, just FYI, this position is located in New Delhi and we'll move you here!

What we're looking for

- **2+ years** of experience in Android Programming
- Strong knowledge of Java and Android APIs
- BE/B.Tech/M.Tech in computer science from a top school
- Strong experience with any of the following Object Oriented Languages (OOD)

Preferred Experience:

- Experience developing, maintaining, and innovating large scale mobile applications
- Familiar with the development challenges inherent with highly scalable and available mobile applications.
- **Link of Android applications** which the candidate has developed will be additional advantage.
